

OSCAR LÓPEZ ACEVEDO | DATA VISUALIZATION ANALYST

inbox@oscaracevedo.com • oscaracevedo.com • [LinkedIn](#) • [Github](#) • [Telegram](#)

I'm a data analyst experienced in data visualization. My goal is to help teams make data useful. I enjoy helping with dashboards, python scripting, SQL databases. I'm excited to learn more about data ecosystem tools and cloud platforms.

SKILLS

- Tableau | Python | SQL | Git/Github | GNU/LINUX | Data Analytics | R | Excel
- Languages: Spanish (Native) | English (B2) | Korean (TOPIK 1)

WORK EXPERIENCE

Data Visualization Analyst, Deloitte, Mexico November 2021 – Currently

- Got an official [Tableau Desktop Specialist certification](#).

Data Visualization Trainee, Deloitte, Mexico September 2021 – November 2021

- During the trainee program, I built dashboards from data gather from scrapped data using BeautifulSoup and TwitterAPI.

TRADITIONAL EDUCATION

Centro de Física Aplicada y Tecnología Avanzada, UNAM 2014 – 2020

- Ordinary Differential Equations
- Probability and Statistics
- Introduction to graphs and algorithms
- Introduction to programming (C language)

Exchange Semester at Yonsei University Computer Science Department, Seoul, South Korea 2018

- One of the top three universities in South Korea.
- Only two scholarships were granted within my home university.

CERTIFICATIONS

Tableau Desktop Specialist 2022 - No Expiration

- [Credential](#)

COMPLEMENTARY FORMATION

Google Data Analytics Specialization, Coursera Course Certificates 2021

- [Credential](#)

Deep Learning, Coursera Course Certificates 2021

- [Credential](#)
 - Neural Networks and Deep Learning
 - Structuring Machine Learning Projects
 - Convolutional Neural Networks
 - Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization
 - Sequence Models

Leading Digital Transformation, MIT Professional Education 2020

- [Credential](#)

HONORS AND ACHIEVEMENTS

- July 2014 - [Reto La Mujer y la Tecnología, primer lugar](#)
